SUMMARY

4+ years experienced, meticulous & detail-oriented Software Engineer with a proven track record of orchestrating front end development with a focus on React JS. Highly skilled at developing multiple dynamic web application apps to deliver compelling business value to clients. Adept at the front end design, development, and implementation of React web-based applications with Object Oriented Technologies, Node.js with MongoDB for achieving higher goals within the stipulated time.

KEY SKILLS

• Front-end Development • UI/UX Enhancement • End-user Management • Scalable Web/Mobile Development • JavaScript MVC Framework • React Components• DOM Interactions • Compliance • Software/Application Development • Team Leadership • Report Generation & Analysis

TECHNICAL SKILLS

- **Languages & Technologies:** React,Redux,Node.js,Express.js,HTML5,CSS3,JavaScript,JQuery,Redux.
- **CSS Framework:** React-Bootstrap,Material-UI.
- **Databases:** MongoDB.
- **Version Control Tools:** GIT, SVN, JIRA.
- **IDE/Tools:** VSCode , Atom**.**

PROFESSIONAL EXPERIENCE

Software Engineer — Jun '16 - Dec '19
Tata Consultancy Services — Indore, IN

Tata Consultancy Services is a global leader in IT services, consulting & business solutions.

Environment: Mainframe,Reactjs ,MongoDB,Node.js,Expresss,MySQL , HTML5,CSS3.

Key Achievements
- Awarded the Quarterly award' in '18 out of 25 people for fulfilling assigned tasks
- Conferred with **multiple on the Spot awards** in '17-'19
- Led the team to win **'Best Team Award'** for maintaining **99% quality** & meeting TAT, '18

Front-end Development
- Deployed multiple front end web application frameworks to lead the design, execution, and enhancement of the UI
  - Utilized multiple technologies including **ReactJS, Material-UI, Axios,**HTML5, CSS, Bootstrap ,AJAX.
  - Learnt & implemented **best practices** of front end development in React .
- Translated UI/UX design wireframes into code for **producing** the **visual elements** of the application
- Developed new **user-facing features** & built reusable code and libraries for future use

Application Development & Testing
- Spearheaded a **team of 5 developers** to lead development of **cross-platform mobile** and **web applications**
- Orchestrated the testing all aspects of a product from a functionality perspective across **various browser environments**
- Designed, developed, and tested **JavaScript/ECMA** Script-based **applications** via JS framework & prototypal inheritance

Stakeholder Management
- Collaborated with **cross-functional teams** to define, design, and ship new features while working with outside data sources
- Coordinated with the **UI/UX designer** for bridging the gap between **graphical design** and **technical implementation**
- Accomplished designing, coding, testing, and automating tasks in while working closely with the **Agile development** team

Solution Development & Project Management
- Conducted **research to** develop complex solutions and validated all user input before back-end submission
- Directed **all-round development** and coding of **client-side logic** within multiple browser environments
- Executed **large-scale enterprise projects** by fulfilling strict quality standards and deploying best practices

Front-end Developer — Dec '19 - Present
CMS Pvt. Ltd — Ahmedabad, IN

CMS is the leading web design and development company based in Raleigh, NC

Environment: ReactJS, MongoDB, Node.js, HTML, CSS, JS, JQuery, JSON, AJAX, Express.js,Redux.

Front-end Development

ADDITIONAL ACHIEVEMENTS

- Recognized for significant contribution to Corporate Social Responsibility initiatives, '19

- Created front-end **web applications** by deploying **ReactJS,**JWT,Redux,Restful Web Api,Express.js,Node.js,MongoDB,MaterialUI,JQuery,redux-thunk.
- Played a key role in the design & implementation of low-latency, high-availability and **high-performance applications**
- Successfully designed pragmatic solutions by deploying expertise in **data structures**, design patterns, and algorithms to design

Compliance & Performance Enhancement
- Ensured compliance of solution architecture & designs with appropriate **guidelines** & standards
- Maintained awareness & knowledge of software **industry trends &** specialized business needs
- Played a pivotal role in creating an environment for **promoting collaboration** within & across teams

Testing & Integration
- Determined testing levels & **managed test case** and test script development in line with **ALS processes** & standards
- Directed **unit testing** of code paths to effectively diagnose and resolve issues
- Participated in **full integration testing** while rapidly addressing issues for **resolving defects** discovered during the deployment

EDUCATION

Master of Computer Application   Aug '16 - Dec '19

Dr.A.P.J.ABDUL KALAM , UNIVERSITY   Indore, IN

Branch - Computer Science
- **Secured 71%**
